

Greyhound Rescue West of England

Getting Help

This is the first in a series of 12 GRWE Fact Sheets which offer help and advice to those giving a home to a rescue Greyhound or Greyhound Cross.

The Fact Sheets contain some essential reading which will help you settle your dog in his new home. Do take time to read each in turn – they contain important information including legal requirements.

We have deliberately kept each short and to the point, so that you will be able to find time to read them.

If you find any problems with settling your new dog in please check the Fact Sheets to see if your questions have already been answered.

If not please phone your home checker or our helpline 07000 785 092 and you will be able to have access to free advice from an OCN (Open College Network) accredited Behaviourist used to working with rescue Greyhounds and Greyhound Crosses.

Other books on behaviour which will help are;

- 📖 Think Dog - by John Fisher
- 📖 Why Does my Dog...? - by John Fisher
- 📖 Dogwise - Also by John Fisher.
- 📖 The Culture Clash - by Jean Donaldson.
- 📖 The Dog Listener - by Jan Fennel.

Remember – don't struggle alone. We are here to help you.

The dog you adopt from us is yours for the rest of his life, but GRWE always remains his legal guardian. It is your responsibility to keep him healthy and happy and to make decisions about his day to day care. He will be one of your family. On that fateful day when the end comes it is for you to make that sad last decision and the final arrangements. If, however something happens to you, he must revert to GRWE. He cannot be passed on to anyone else. Please inform us if you move house at any time.

For more help and advice please visit www.grwe.com or call our 24 hour help line on **07000 785092**
